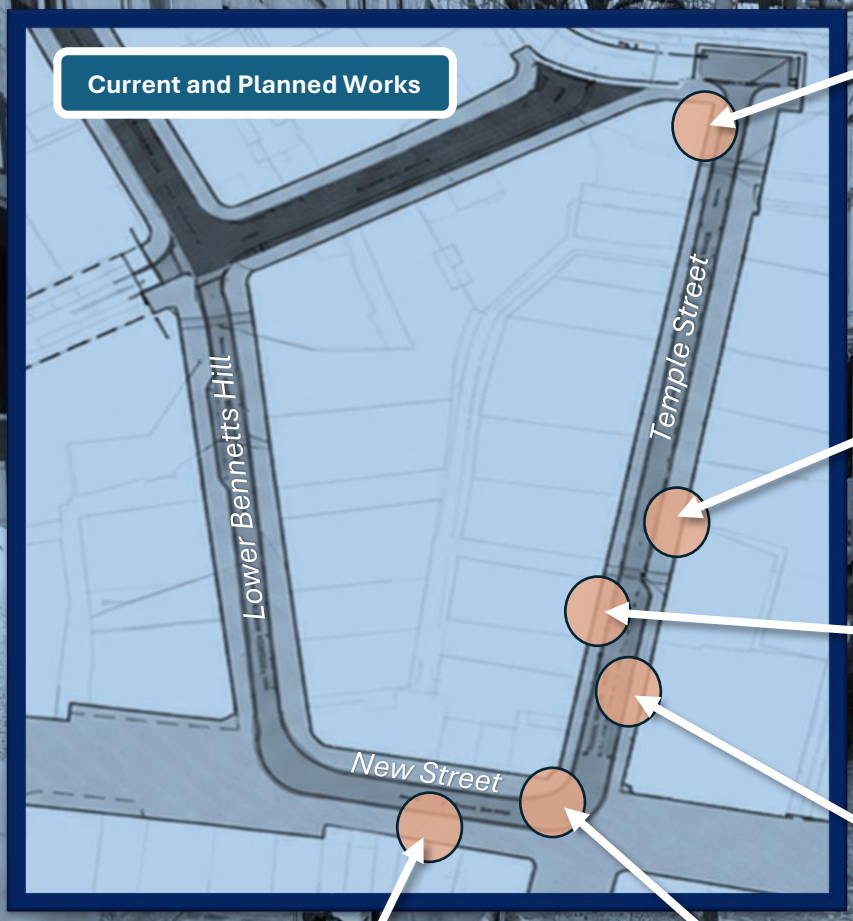
City Centre Active Travel Connections to Interchange Phase 1

CPC Civils have been awarded the
City Centre Active Travel Connections to Interchange Phase 1 project
by Birmingham City Council.
CPC Civils are delighted to be working with the City Council on this prestigious project.

A photograph taken recently in Temple Street where much of the new paving installation towards the upper end of the street has been completed.

WORKS TO NEW STREET, TEMPLE STREET, LOWER TEMPLE STREET, BENNETTS HILL, ETHEL STREET, EDEN PLACE, CHAMBERLAIN PASSAGE

INFRASTRUCTURE IMPROVEMENT WORKS TO NEW STREET, TEMPLE STREET, LOWER TEMPLE STREET, BENNETTS HILL, ETHEL STREET, EDEN PLACE, CHAMBERLAIN PASSAGE. CPC CIVILS IS WORKING ON BEHALF OF BIRMINGHAM CITY COUNCIL TO ENHANCE THE CITY CENTRE. WE ARE IMPROVING THE PUBLIC REALM BY INSTALLING NEW GRANITE SURFACES, ALONG WITH INSTALLING NEW AND IMPROVED LIGHTING, DRAINAGE AND STREET FURNITURE. THESE WORKS WILL INVOLVE SMALL TEAMS OF HIGHLY SKILLED OPERATIVES REMOVING THE EXISTING PAVING, UPGRADING THE DRAINAGE SYSTEM AND SUB-BASE AND THEN INSTALLING NEW PAVING ACROSS ALL THESE AREAS.



National Grid works continue

Final stages of new paving installation continue between Northspring Car Park entrance and Tesco building.

Completion Target Date: 25 October

Excavation works commence to remove old footway between Temple Passage and Ryman Stationary

Excavation works commence to remove old footway between Trailfinder and New Street/Temple Street junction

Excavation works commence to remove old footway between Tim Hortons and Admiral Casino

Final stages of new paving installation continue to form new central carriageway between New Street/Temple Street and New Street/Bennetts Hill junctions.

Works Progress to 18 October 2026
Works Planned to 1 November 2026
Note: Some work on the footways will be undertaken at night.

IMPORTANT NOTICE

National Grid Works Continue on Temple Street.

Please be advised that the area at the top of Temple Street affected by the recent emergency work by National Grid to resolve a fault on their network, is no longer under the control of CPC Civils.

Any ongoing works, access arrangements, reinstatement activities and associated timescales within that area are being managed by the relevant utility and highway authorities.

CPC Civils remains responsible only for the areas within our current construction works boundary and active control.

National Grid will have a permit displayed on their fencing with a contact number should you have any issue with access due to their works.

Temple Street (Lower)

Works have continued on Temple Street.

Moving towards the final stages of the new paving installation, work is currently focused on the footways on the lower part of the street.

Fencing and footbridges outside Northspring and The Cocktail club have been removed and Northspring Car Park is operating as normal.

New Street (Nandos)

The past fortnight has seen significant progress in the works taking place adjacent to Snappy Snaps and the entrance to Fire Office Passage.

The new paving installation has been completed and the fencing and footbridges have been removed.

New Street (Central)

Both concrete and tarmac have been poured/laid to form the surface on which the new paving can be installed.

Works continue in this area focusing on preparing the strip for the installation of the paving that will form the new central carriageway and part of the new footway.

Staying Safe Around Site Machinery and Equipment

Our works involve the use of construction vehicles, machinery and plant, which may be moving or operating throughout the site.

You can help us keep everyone safe by:

- Keeping to designated pedestrian routes and following site signage.
- Staying clear of operating machinery and marked work areas.
- Never walking behind or close to moving vehicles unless directed by an authorised site operative.
- Making eye contact with plant operators or drivers where possible and waiting for a clear signal before crossing their path.
- Remaining alert to your surroundings and avoiding distractions, particularly near vehicle movements.

Please follow any instructions given by site personnel and allow machinery and vehicles the space they need to operate safely.

Thank you for your cooperation. By taking care around our work areas, you can help us maintain a safe environment for pedestrians, our workforce and everyone using the surrounding streets.

Stakeholder Engagement
Drop-In Session

Invitation

CPC Civils invites local businesses to discuss the ongoing programme of construction in Victoria Square, New Street, Temple Street, Lower Temple Street, Bennetts Hill, Ethel Street, Chamberlain Passage and Eden Place.

Every Wednesday.
11am – 1pm
